Kitui	Kenya	01/17	192	1450
Katete	Zambia	05/17	240	525
Petauke	Zambia	05/17	195	580
Chipata	Zambia	08/17	189	2214
Yangambi	DRC	12/17	262	536
Bengamisa	DRC	12/17	151	270
Dodoma	Tanzania	02/18	212	192
Iringa	Tanzania	02/18	209	2769
Tabora	Tanzania	02/18	212	10413
Zanzibar	Tanzania	02/18	201	270

## New Modules

**Climate Change Perceptions**  
5 Questions on precipitation amount, timing, and pests and disease, yielding three indicators of climate change observations.

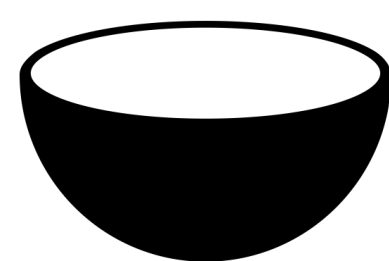

**Agrometeorological Info**  
3 Questions on how and what kinds of weather information households receive, and whether that information influences their farm practices.

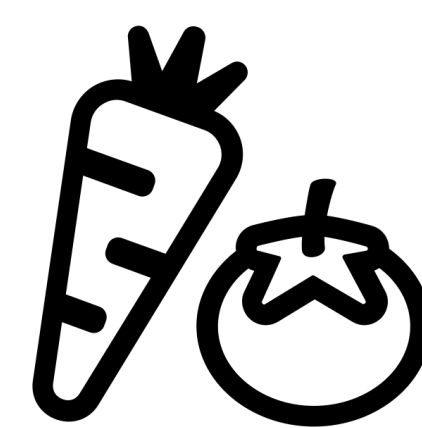

**Water, Sanitation & Hygiene**  
10 Questions on water sources, toilet and sanitation practices, handwashing, and children’s hygiene practices.

**Ecosystem Services**  
Use of landscape for food, fuel, water, and other resources, particularly for forest-based communities.

**FIES**  
FAO’s 8 question Food Insecurity Experience Scale. A complementary indicator to HFIAS.

**Food Consumption Score**  
WFP’s 7-day household dietary diversity recall module. Complementary to HDDS or MDD-W

**MDD-W**  
Minimum Dietary Diversity for Women of reproductive age. 24 hour recall of foods eaten, categorized into 10 food groups.

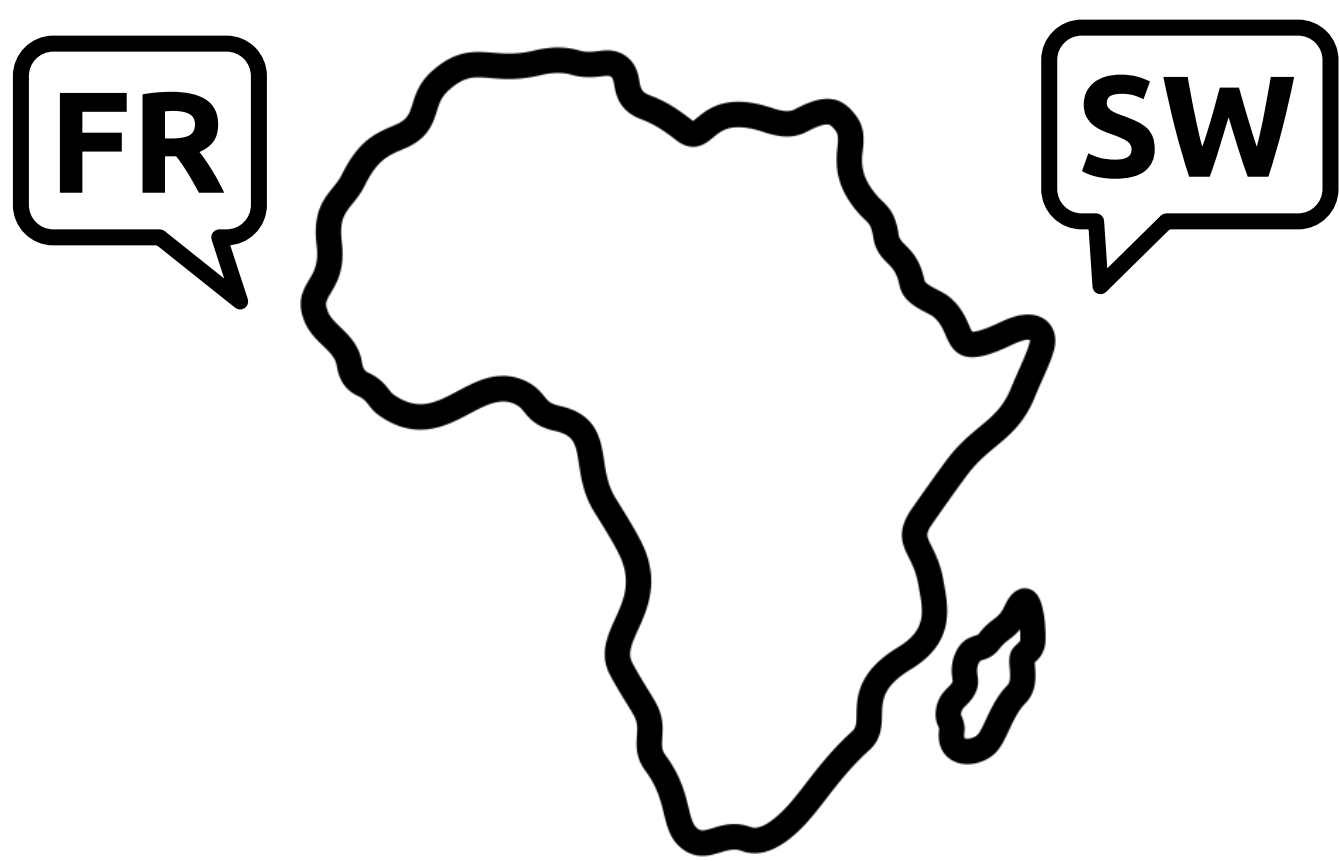

**Food Environment**  
4 Questions on distance to market, decision making on which market to visit, and consumption of packaged foods.

## New Analyses

- Hypervolumes
- Structural Equation Modeling
- Provisioning Ecosystem Services
- Adoption of CSA Practices
- Comparing Nutrition & Food Security Indicators
- Knowledge, Attitudes & Behaviors
- Project Impact Assessment

## New Languages

The core RHoMIS Survey and several additional modules are now available in **Kiswahili**. **RHoMIS inapatikana sasa kwa Kiswahili!** Many of the additional modules are available in **French**
